Cloud Castle Invitation

Hint level 1 - HOST ONLY

1. Order

Read the event letters and all three witness notes.

2. Record

Start with the status field in Guest ledger.

3. Seal

Find the column letters and row numbers on the grid.

4. Steps

Find all the event cards and the before notes.

5. Cloud

Find opening stock, closing stock and the DONE or CANCELLED marks.

6. Final

Keep the five named results beside the final plan and find the key for each badge.

Hint level 2 - HOST ONLY

1. Order

Join immediately-before pairs as a block; other before notes set the direction between blocks.

2. Record

The tag links an item to a bay; rows in separate records need not line up.

3. Seal

A coordinate gives column first and row second; keep the printed coordinate order.

4. Steps

Connect cards linked by the notes; a card position is counted from the beginning of the completed order.

5. Cloud

Only completed entries change stock. A cancelled plan cannot be added or subtracted.

6. Final

Each badge controls a different fact, road leg, order note, pulse or habitat layer. Use the matching key exactly once.

Hint level 3 - HOST ONLY

1. Order

Try the remaining positions, then check every note against your full order before reading the requested position.

2. Record

Keep only entries meeting every status test. Follow each printed join to the report field; do not guess from row position.

3. Seal

Read the full word before using the conversion table. If the word is missing, recheck each row and column rather than choosing a similar word.

4. Steps

Check every before relationship, then read only the requested position. The printed card arrangement is not the answer order.

5. Cloud

Apply every known completed change to opening stock. Compare that result with closing stock to recover the missing completed return.

6. Final

Check the completed product against all five recovered facts. If two answers remain, locate the fact that distinguishes them rather than guessing.
