Hint cards - level 3 (spoilers; keep with host)

1. Scale

Share the remaining weight equally among the parcels.

2. Steps

Place each card immediately after its predecessor; count positions from one.

3. Labels

Count the marks, not the total number of printed shapes.

4. Parcel

Check the remaining card against both properties before copying its digit.

5. Shelf

Once the whole word matches, read the very next cell.

6. Final

Compare all five columns, not just the first. Copy the code of the remaining card.
