

# Dinosaur Egg Patrol

## Hint level 1 - HOST ONLY

### 1. Order

Read the event letters and all three witness notes.

### 2. Window

Look at earliest start, each window end and the arrival deadline.

### 3. Shell

Find all the event cards and the before notes.

### 4. Load

Find the equal parcels and the separate loose units.

### 5. Label

Find the column letters and row numbers on the grid.

### 6. Final

Keep the five named results beside the final plan and find the key for each badge.

# Dinosaur Egg Patrol

## Hint level 2 - HOST ONLY

### 1. Order

Join immediately-before pairs as a block; other before notes set the direction between blocks.

### 2. Window

The journey uses time as well as the job; add both to the start of each window.

### 3. Shell

Connect cards linked by the notes; a card position is counted from the beginning of the completed order.

### 4. Load

Remove the loose units before sharing the remaining weight among equal parcels.

### 5. Label

A coordinate gives column first and row second; keep the printed coordinate order.

### 6. Final

Each badge controls a different fact, road leg, order note, pulse or habitat layer. Use the matching key exactly once.

# Dinosaur Egg Patrol

## Hint level 3 - HOST ONLY

### 1. Order

Try the remaining positions, then check every note against your full order before reading the requested position.

### 2. Window

Check all three conditions for each window. A slot can be long enough yet start too early or arrive too late.

### 3. Shell

Check every before relationship, then read only the requested position. The printed card arrangement is not the answer order.

### 4. Load

Find one parcel from the first equation, then substitute that weight into the second equation before recording it.

### 5. Label

Read the full word before using the conversion table. If the word is missing, recheck each row and column rather than choosing a similar word.

### 6. Final

Check the completed product against all five recovered facts. If two answers remain, locate the fact that distinguishes them rather than guessing.
