Hint level 2 - HOST ONLY

1. Record

The tag links an item to a bay; rows in separate records need not line up.

2. Kit

A light card alone may leave a need uncovered; a shared supply counts for both needs.

3. Gallery

A coordinate gives column first and row second; keep the printed coordinate order.

4. Curator

Each item is used once. A person ruled out of two items must have the third.

5. Log

Only completed entries change stock. A cancelled plan cannot be added or subtracted.

6. Final

Each badge controls a different fact, road leg, order note, pulse or habitat layer. Use the matching key exactly once.

Hint level 3 - HOST ONLY

1. Record

Keep only entries meeting every status test. Follow each printed join to the report field; do not guess from row position.

2. Kit

Compare complete combinations, adding each chosen card weight once. Reject any combination over the limit before choosing the lightest.

3. Gallery

Read the full word before using the conversion table. If the word is missing, recheck each row and column rather than choosing a similar word.

4. Curator

Place the most restricted person, remove that item from the others, then use the remaining rule. Read the target person only after checking all pairs.

5. Log

Apply every known completed change to opening stock. Compare that result with closing stock to recover the missing completed return.

6. Final

Check the completed product against all five recovered facts. If two answers remain, locate the fact that distinguishes them rather than guessing.
